

## Dear Parents and Carers,

We hope you had a wonderful summer filled with fun, laughter, and exciting adventures. Whatever you got up to, we are delighted to welcome you to Year 6!

As you know, our new website is currently under construction. Soon we will have a Year 6 page which will be your one-stop shop for information about **Donna Speed Class** and **Polly Ho Yen Class** — from key dates, timetables and curriculum information to snapshots of everything we get up to. Until then, please keep an eye on the **weekly mailbag** for all the up-to-date information you need.

For now, to whet your child's appetite for the term ahead, here are four pictures linked to our learning over the next few weeks — why not talk about them together at home?

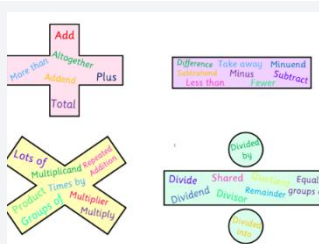

## The Year 6 Team

### ✿ A TASTE OF TERM ONE ✿

#### As Scientists

We will be exploring the human body. The role of blood, organs and cells within our body, and how it uses water and nutrients.

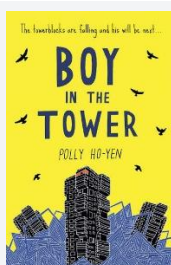

#### As Mathematicians

We are beginning with our Place Value unit, including recognising, comparing and ordering numbers up to 10 million. We will then go onto our unit on the four operations (addition, subtraction, multiplication and division) covering a variety of arithmetic and reasoning questions.

#### As Authors

We will learn about spelling, punctuation and grammar using the Place Value of Punctuation and Grammar programme. Following this, we will do a short piece of writing using these skills and knowledge.

#### Our Class book

This term we will be reading a story by one of our Role Models – Polly Ho Yen. The story is called 'Boy in the Tower'.
